Its Friday night looking my best out for raving,  
Receiving messages in my mind that im craving,  
A girl to take away alone to the side of the club,  
And both us can start misbehaving,  
It's near enough 11 its time to make a move to the  
place,  
Drinks kicking in im in the mood so I pace,  
Ignoring the comments that are rude to my face,  
Looking for a nice chick pretty smiled mix race,  
I walk through the door lights flashing in my face down  
to the dance floor,  
Head banging to the beat yeah I wanna hear more,  
Coz I'm looking for a dancing group girls galore,  
Here we go feet moving to the beat,  
In the corner of my eye see a girl I wanna meet,  
High heels jeans short top and hair looks sweet,  
Strikey this your time let me turn up the heat.

Im still searching for the right type of woman in my life,  
Cum'on boy lemme see if you're the one,  
Right, I wanna a woman who eventually can be a wife,  
Yeah maybe that depends if you're the one,  
Right, but the day is young so come back to mine,  
Boy you're on ill give you more then your wish list,  
Lemme go and put up do not disturb sign,  
And the time is midnight its time for mischief.

I see her this time giving me winks and eye contact,  
Slowing brushing her hair knowing that im on that,  
Drink in one hand bag strapped to her shoulder,  
Her friends around her telling me Ive got to combat,  
My way in to the circle I make a move,  
Excuse me girl your looking hot you wanna grove,  
I whispered in her ear charmed words till she smiled,  
Saying that ill wisk you away if you approve,  
She takes my hand and leads me to a spot,  
On the dance floor saying let me see what you got,  
So I wrap my arms around her for the slow songs,  
And gentle rock her body like she is a cot then,  
Time flies club over make your way home,  
She gives me a hug and says strikey wheres your  
phone,

So I give it and I know that ive scored from her tone,  
I told her ill drop you home no need to walk alone.

I'm still searching for the right type of woman in my  
life,  
Cum'on boy lemme see if you're the one,  
Right, I wanna a woman who eventually can be a wife,  
Yeah maybe that depends if you're the one,  
Right, but the day is young so come back to mine,  
Boy you're on ill give you more then your wish list,  
Lemme go and put up do not disturb sign,  
And the time is midnight its time for mischief.

It's a quarter past 4 and im tucking into bed,  
Hear a beep on my phone from a message I aint read,  
Didn't make a second move,  
Coz I know that im ahead by the way that she was  
talking in the message and it said,  
Hey, how you doing its me from earlier tonight,  
Thank you I enjoyed your company you were looking  
tight,  
Would like to meet another time because it felt right,  
Let me know so we can make a date take care  
goodnight,  
The next day we arranged that we would meet didn't  
plan anything,  
So decided to eat, got to know one another better felt  
some heat,  
Held my hands looked in my eyes and said im sweet,  
But this time she took me back to her place,  
Blew a kiss towards me and said wanna taste,  
Said the night is young to lets no waste,  
Another second with the small talk straight to first  
base.

I'm still searching for the right type of woman in my  
life,  
Cum'on boy lemme see if you're the one,  
Right, I wanna a woman who eventually can be a wife,  
Yeah maybe that depends if you're the one,  
Right, but the day is young so come back to mine,  
Boy you're on ill give you more then your wish list,  
Lemme go and put up do not disturb sign,  
And the time is midnight its time for mischief.

I'm still searching for the right type of woman in my
