[Dr. Dooom] Yeah, Dr. Dooom baby This is for the ladies
I used to play that game with girls, tie 'em up to the bed
I would not force them, they offered to give me head
Kinky books, late at night, we read I had this freak chick
with a nice tail and blonde dreads I took her to the
Sunset Palm Springs bed A one night MySpace date
was the fish filet plate People saw me in the W They
hovered around like apes, guys with drinks Ladies
across the table, V.I.P. complaints They wanna touch
my capes Solange on deck, hand on her man, she trust
her papes I got in the cab, a cockblocker tryin to sell
some mixtapes For low prices at mixed rates (baby,
double soft) [Chorus] + (woman) How sexy can you be?
(I'll wear seven inch thigh high fishnet boots) How
freaky can you be? (I'll fulfill your fantasies, my
girlfriend and me) How sexy can you be? (I'll wear
seven inch thigh high fishnet boots) How freaky can
you be? (I'll fulfill your fantasies) [Dr. Dooom] I met
you, wanted me to buy porno girl you had it in your
hormones Last night before you talked to me on the
phone I asked you twice to bite my ice cream cone
C'mon be serious this ain't typin a few words back and
forth like kids we grown You want the lube in the back,
that's where you want the bone Lookin for me you'd
rather flirt with a clone Your temperature known to go
up and go down Rub syrup on the lollipop, you lick
around; vanilla fudge you don't budge You stick
around, no type of lingerie you borin Why you sit
around? Magnum on the P.I. it fit around In the strip
club we get around with P. Did' around With two bottles
of strong corn liquor, pass it around (you wanna be)
[Chorus] - half [Denis Deft] If you're lookin for a one
night stand, I'm your man On tour with the band, which
I'm sure you're a fan Got the full blown bedroom in the
back in the van You can see the trail of cum from the
condoms all the way to Japan Yup~! Understand I'm
the man Understand Hugh Hef' is my number one fan
Satisfyin women, any way that we can Have you ever
made a girl cum with a frying pan? I think now, we drink
lot and smoke pot Turn more coochie down than
gravity and parking lots Make it rain like Ft. Knox, court

cases get dropped just because them judges like to
freak a lot Now mami pick a spot, let me see you drop
that top I frisk you like a cop, let me know when to stop
[Chorus]
