Aint no set ride for me  
So I aint trippin' off no set  
I'm bout money  
D-O-E, cream is my thing  
I got my mug-oning when I hit the scene  
Let my nuts swing and be king  
Suckas on a scheme  
Low life buster motherfuckers living nothing but a  
dream  
A fiend, lost to reality  
You feel presence of evil when you have a fat salary  
So what that means, you gots to loc' up self love  
against the world  
Middle finger up  
Everyday I fight the devil, always in my face  
Got the next man's dream tryin' to take my place  
Anyone in the world can do a 1-8 sell  
I'd rather stack a grip and mob in a Chev  
They hated that you made it so they tryin to fade it  
Suckas scheme for the cream  
You in the game, better play it

Chorus x4  
Stack your grip  
Don't trip off no punk shit  
Be a hustla bitch, maybe your wig won't get split

I'm flippin' shit  
We movin' niggas, hoes, and keys  
A bitch in my mix don't fall in to succeed  
Re-emburse, the money comes first  
An eye for an eye snitch bitch rest in dirt  
No high sidin', just playa pimps I'm ridin' 2-0-9  
Youngsta srtivin', automatic bustin' a kanivin'  
Penetrate stayin' far from fake  
Can't no one fade when it comes to this game  
I'm trustin' no slug, just me on my own  
Ready to bust from dust 'till dawn trailin' stanky bitches  
home  
It's serious business, a true can't be slippin'  
Gettin' took out the establishment, thick segregation

Fight or die, give up or try  
It's always the next man that wants your life  
2 for the money and nuttin' for the hoes  
9 ways to get bent, Doja Klik takin' souls

Chorus x4

This is Young Ren ? baller grabbin' his nuts  
Down for my scratch and killin' all these punk ass  
chumps  
Jump on that ass for the fact that they playa hate me  
About a hundred motherfuckers want to fade me  
But I'm too crazy, step to me with bullshit  
I'll bust hot ones in that ass, empty the whole clip  
Made by a snitch , that's why them suckas fall so quick  
And if you ain't down for your scratch you must be a  
punk ass bitch  
Punk ass bitch all up on my nut sack  
Punk ass bitch you need to get the fuck back  
You need the fuckers ? I ain' no bein' a straight up  
hustla  
Unless you want to be a broke ass busta  
You fuckin' bitch made punk motherfucker rose  
Want to fuck with Ren, you're fuckin' with your funeral

Chorus x4

Make that cash and dash
