Can somebody help me.
I'm down on knees
And once I get up
I'm finally free
DeStorm
Talib Kweli

Keep trying to get me (keep trying to get me)
But I'm gonna be bold (I'm gonna be bold)
Even when (even when)
I'm tired and alone (I'm tired and alone)
Can somebody help me (can somebody help me)
I'm down on my knees (I'm down on my knees)
And once I get up (once I get up)
I'm finally free

Yeah that's just my life right now!

I got a heart of steal never penetrate,
Came from the real only been afraid,
Once when I put my moms in the grave,
Holding onto the psalms she would pray,
Baby you can rise and be great but you need to put that
anger away,
I made a promise mama I'ma come up right before the
angles came and take you away,
Now I never cry and complain, up at night crying in the
day,
Now who's better than the ninth letter huh?, f*cking
right yea I entertain
This ain't for the fortune and fame,
this is for the ones slain in the game,
If you doin' it for the checks then I promise next
you gonna die in them chains,
Who you got on repeat? Is it Em, Drake, Wayne, Jay,
Kanye,
Time for the world to talk about De so I called Talib
Kweli,
So I can put my CD on the map show the world we all
can rap,
Keep trying to get me but you'll never hold me back,

Keep trying to get me (keep trying to get me)
But I'm gonna be bold (I'm gonna be bold)
Even when (even when)
I'm tired and alone (I'm tired and alone)
Can somebody help me (can somebody help me)
I'm down on my knees (I'm down on my knees)
And once I get up (once I get up)
I'm finally free

Get em!

This is based on a true story, I raised to my true glory,
Me and DeStorm build it like two stories, y'all too corny,
Rappers these days too boring, this look like a job for,
Black star wars rappers, this cardboard disguise lore
Since you've been following you know it get better,
Are you a trend-follower or a trend-setter (ah),
We will never let up, never shut up, never give a f*ck,
never give a punk,
No foundation we man up like war,
Get your hands up, like a stick-up, the camera's gonna
pick up,
My movements, slow motion, I'm a Cameron Crowe
picture,
They flagging, go figure, our families grow bigger,
And sound thrown up like they can't handle their liquor,

Keep trying to get me (keep trying to get me)
But I'm gonna be bold (I'm gonna be bold)
Even when (even when)
I'm tired and alone (I'm tired and alone)

Let nobody get in the way, after night it comes the day
The soldiers coming, the soldiers coming, the soldiers,
And I know, I don't let nobody hold me, I'm gonna see
the promise land,
Now I gotta get myself together, ain't nobody hold me
back,

Keep trying to get me (keep trying to get me)
But I'm gonna be bold (I'm gonna be bold)
Even when (even when)
I'm tired and alone (I'm tired and alone)
I want everybody to get up right now (Can somebody
help me)
Get up right now (I'm down on my knees)
I want you to represent the most important person in
the world (Once I get up)
That's right baby it's time to represent - you (I'm finally
free)
