Your love is a maze
And I lost my way
Now I can't find my way out, way out

Yeah, it's barely lunch time
I'm sending you another text
No response, wondering if you got my other text
You won't pick up the line
The silence messing with my mind
I'm laughing like it's fine but thinking
Where the f*ck your mother at
At least she'll listen when I'm b*tchin', heartbroken
And she'll apply the patch like I just quit smoking
It's funny how emotions make it hard to accept
When you're the 24th letter, a non factor just an X
It's weighing heavy on my chest
Like an over racked bench press
Is this really happening?
No Freddie Wong, no VFX
How you unfollow me, ignore my friend request
My homey said it's over but f*ck him I ain't finished yet
So I called you back I'm blowing up your line
(I got Adele on repeat so f*ck you I'll be fine
I'm just playing girl pick up the phone
Where you at)
Erase my call log time to pretend I'm OK

Lying to myself I'm OK but ain't no way
I can make this feeling go away
Ain't love a b*tch
Ain't love a b*tch
Ain't love a b*tch
Lying to my friends I'm OK but it won't go away
It only gets worst by the day
Ain't love a b*tch
Ain't love a b*tch
Ain't love a b*tch

Uh, relationships go sour like lemons but we just can't
admit it
Dogs lying to get the kitty, cats claim to stay committed

Calling, he lying, did it all to get inside
But he was like a hoarder holding all his sh*t inside
Baby what's a main course without a garnish and a side
We're just a pack of stupid lions and we call it foolish
pride
2 years 1 daughter later, embracing all her haters
Finally found the will to get away cause you was not
asJada
And now you play the same songs your mama used to
play
Trapped in the house and ain't been out in almost
seven days
Now all your girlfriends trying to drag you to the club
Your glass is filled to kill the pain and to disguise
the fact that you're in love
And then your phone rings out of the blue
He on his Barney sh*t
I love you baby can I come through
Your heart takes over
Here comes that lame ass excuse but your friends they
know the truth
Who you really lying to

Lying to myself I'm OK but ain't no way
I can make this feeling go away
Ain't love a b*tch
Ain't love a b*tch
Ain't love a b*tch
Lying to my friends I'm OK but it won't go away
It only gets worst by the day
Ain't love a b*tch
Ain't love a b*tch
Ain't love a b*tch

Your love is a maze
And I lost my way
Now I can't find my way out, way out
Your love is a maze
And I lost my way
Now I can't find my way out, way out

Lying to myself I'm OK but ain't no way
I can make this feeling go away
Ain't love a b*tch
Ain't love a b*tch
Ain't love a b*tch
Lying to my friends I'm OK but it won't go away
It only gets worst by the day
Ain't love a b*tch
Ain't love a b*tch
Ain't love a b*tch
