I was cleaning the ash from the fire  
and putting the party away  
helping out all of my lost friends  
to see the light of day

I was feeling the wind through the windows  
Sometimes it crashed through the wall  
seems like it comes out of nowhere  
theres no warning at all

chorus  
sometimes a river  
sometimes a river  
runs dry  
sometimes a river  
sometimes a river  
runs high

I was making my way through a movie  
finding it hard to decide  
sometimes it hits without warning  
and turns me over inside

making a stab in the darkness  
wearing a hole in the floor  
suddenly everything changes  
your not the same as before

chorus

you danced in my dream in a white dress  
i watched from the top of the stairs  
i woke up looking to find you  
but you were not there

17 hours of driving  
but thats not a surprise  
the worlds all heavy with traffic  
they never were good at goodbyes

no we never were good at goodbyes

chorus
