I shook my head
my knees felt weak
when i was told
disbeleif

And i am still
waiting for your call
so ill sit her by the phone
will you ever call at all

So please stay sweet forever
please dont ever change
please dont say youve gone
and know we'll be right here waiting for you

And now its cold and yes its true..
i cant go on without you
so tell me what made you think that you
were invincible cause i need that right now

And i will wait forever
forever by the phone
just waiting for your call
will you ever call at all

So please stay sweet forever
please dont ever change
please dont say youve gone
and know we'll be right here waiting for you

So please stay sweet forever
please dont ever change
please dont say youve gone
and know we'll be right here waiting for you

How could you leave us that way
goodbye we'll miss you
how could you leave us that way
goodbye we'll miss you

So please stay sweet forever

please dont ever change
please dont say youve gone
and know we'll be right here waiting for you
