Alright now
Ha ha ha

Here they come, just over the way in their tiny little
shiny car
Some people call them the users and others just call
them fun
They've got their headphones on and they're counting
their cash
They're laughing in your face while they're shaking
their ass
They've got a whole lot of garbage that they think is
cool
But the sexy little thing inside ain't so beautiful
Pretty hate machine, leading them on
Pretty fake machine, leading them on
Pretty hate machine, leading them on
Pretty fake machine, leading them on

In the slum parade
In the slum parade
In the slum parade
In the slum parade

Here come some more just over the way, with their
tired old swaggered walk
Thinking that they run the world, but they just run their
mouth
They love to talk
Their fancy shoes just covered in mud, and the people
that were under their heel
So much empty space in their cranium, so much time to
kill

In the slum parade
In the slum parade
In the slum parade
In the slum parade

I'm the jester, I'm the joker, I'm a creature in the slum
parade
I'm the jester, I'm the joker, I'm a creature in the...

In the slum parade
In the slum parade
In the slum parade
In the slum parade

(ha ha ha)
(incoherent voices and police sirens)
