I didn't take no shortcuts

I spent the money that I saved up
Oh, Momma running out of luck

Like my sister, don't give a fuck

Oh his strange manners, I love 'em so

"I wish you'd wear your new trench coat"

I don't show up on weekdays

That's something that you learned yesterday

I just want to misbehave
I just want to be your slave

You ain't got nothing I want, but...

I want it all

I just can't figure out...

Nothin'

I wanna steal your innocence

To me my life, it don't make sense
I took five dollars, won't get me far

My last resort is to steal your car
"Drive you to work; you'll be on time"

These little problems they're not yours and mine,"
"Come on and listen to what I say"

I've got some secrets that'll make you stay"

I just want to turn you down

I just want to turn you around

Oh, you ain't got nothing I want, but...

I want it all
I just can't figure out...

Nothin'

And all he said is, "I'm a freak"

He ordered them to make mistakes

And all together it went well

We made pretend we were best friends

He won't leave me alone he keeps asking for more
Today the day that I was born
Together again, like the beginning

But for the record it's between you and me

I wanna steal your innocence

To me my life, it don't make sense

Oh, his strange manners I love 'em so

"Why won't he wear his new trenchcoat?"

I didn't take no shortcuts

I spent the money that I saved up

Oh, Momma running out of luck

Like my sister don't give a fuck

I just want to turn you down

And maybe later I'll turn you around

I want it all
You ain't never had nothing I want, but...

I just can't figure out...
Nothing

And all he said is, "I'm a freak"

He ordered them to make mistakes

And all together it went well

We made pretend we were best friends

Today the day that I was born

He won't leave me alone he just asks for more

Together again, like the beginning

I said it's between you and I
