The wind is howlin  
the rain pours down  
eyes are blood-shot  
heartbeat pounds.  
Lights go out  
the whole world's in darkness  
the ground is tremblin'  
dogs are barkless.  
In the sky there appears a great light  
burnin' all the flesh off the creatures of the night.  
AAAHHHH! Cryin' in a childless (?) tone  
terrified of dyin' a painful death alone.  
Don't smile  
lest a innocent (?) chile  
The power of god is gonna get to be your tal (?).  
Throw like a hit from the best  
take it in a slump  
ha ha  
feel it in your chest.  
Conquerin the world with the words  
leadin the children like herds.  
I can feel it buildin  
I'm about to explode  
I'm walkin on the crossroad

[REFRAIN] (x2)

People livin in a shack - at the crossroads  
Little kids sellin crack - at the crossroads  
(?) stab you in the back - at the crossroads  
Everybodies gettin jacked at the crossroads

Violins and trumpets play  
25 thousand people in a golden sleigh  
on there way to the promise land.  
Deliverance  
but yet some don't understand.  
Rough on a late night thrill  
after midnight  
kill or be killed.  
Soldiers, warriors  
(?) at each other

on the combat zone.  
Supreme power on the throne.  
Lighting strikes in every home.  
Terrified men run down the street.  
So many dead bodies  
it's hard to eat.  
Come, we gotta rise  
above the wall.  
To see what no man has seen before.  
Blindin' light  
that got you through the night.  
God is on your side  
to got in a fight.

[REFRAIN]

Homicide  
suicide  
death.  
BOOM!  
Ain't nobody left.  
Ohhhh! It's startin to take affect.  
Your on your knees  
you scared to death.  
Tornados with a thousand people spinnin.  
One fight at the cross  
and now god is winin.  
The whole Earth cracks in half.  
The sea turns red from the blood bath.  
Abandoned buildings burned  
and two remain (?).  
Terrified  
you feel the fire blaze.  
The ground can't hold your weight.  
You reach out to grab the pearly gates.  
Who clocked this f\*\*\*  
not from space.  
Never again  
will you see the human race.  
19 angels leadin the devil straight to hell!  
Torment!  
Pain!  
What you're seein here  
you can't explain.  
All your life  
some men  
we played the game.  
Never realize that there's a flame.
