Whether you're in L.A.,  
Sunny laid back L.A.  
Whether you're in New York,  
Comfort 'round your block.  
Whether you're in the U.K.,  
Where the sky is dark  
And the grass is kinda green,  
You know like Central Park.  
Still my favorite place  
In this whole wide world  
Has got to be in the middle  
Of the ocean floor.  
I see you poking out of the ocean.  
Paradise on Earth.  
The 50th state - WHAT?!  
Hawaii.  
I wanna live in somewhere different.  
A nuclear distaster might be on our way.  
But I don't care, I'm in the U.S.A.  
Whether you're drunk or stoned  
Or we're sober and old,  
If I'm with you  
I'm a happy man.  
If you feel safe and cold  
While you count your gold.  
If your problem is you can't find  
Your remote control.  
Still my favorite person  
In this whole wide world  
Is the woman who can  
Understand every word  
And when she speaks to me  
She makes me  
See the whole world  
As my favorite place  
Hawaii.  
We got it made  
Yes, i know.  
Can we go  
By plane or boat.  
Whether you take it slow

Or you let me go  
Whether you tell me something  
That i did not know  
Whether you're neat and polite  
Or you scream and fight  
Whether you keep something from me  
That i wouldn't like  
Still my favorite attitude  
In this world so far  
Is the friendly spirit  
Of an iron heart  
Like the way folks are in  
This most special place  
I don't care what happens  
I'm taking a plane to  
Hawaii  
Hawaii  
Hawaii  
Hawaii  
Hawaii  
Hawaii  
Hawaii  
Hawaii  
Hawaii  
Kauai or oahu  
Molokai or lanai  
Maui and the big guy,  
A.k.a. hawaii  
Hawaii  
Hawaii  
Hawaii  
Ooooooh  
Ooooooh  
All i want to do is something different  
Oh let me in  
Cut off from malaysia  
Back in who knows when  
Oh we got kinda lost  
But my god what a place  
I profess  
Airforce jets  
Cannot take  
Away my soul
