Up on a hill is where we begin

This little story a long time ago

Stop to pretend, stop pretending

It seems this game is simply never-ending
In the sun, sun having fun

It's in my blood

I just can't help it

Don't want you to say, "No"
Let me go, oh, let me g-g-g-g-g-g-go

Leavin' just in time

Stay there for a while

Rolling in the ocean

Trying to catch her eye
Work hard and say it's easy

Do it just to please me
Tomorrow it is different

So I'll pretend, I'll pretend I'm leaving

Our fears are different here
We train in A-V-A

I wish you hadn't stayed

My vision's clearer now, but I'm unafraid
Flying overseas, no time to feel the breeze

Too many varieties

Well, in the sun, sun having fun

It's in my blood
I just can't help it
Don't want you here right now

Let me go

Oh, let me g-g-g-g-g-g-go

Leaving just in time

Stay there for a while
Rolling in the ocean
Trying to catch her eye

Work hard and say it's easy

Do it just to please me

So this is why I'm leaving Tomorrow it is different
