Make a joyful noise unto the lord, all ye lame  
Serve the lord with gladness  
Come before his presence with singin  
Know, ye that the lord is one  
It is he that has made us, not we ourselves  
We are his people \*Bells begin to ring; wind blows\*  
In the sheep of his pasture  
Enter, enter, enter, enter  
Enter, enter, enter, enter  
Enter \*Music starts\*

Robin, Robin, Robin  
Robin, Robin, pray  
Robin, Robin, Robin  
Robin, Robin, pray  
Robin, Robin, Robin  
Robin, Robin, pray

Verse 1:

Forgive me God, for I have forsaken thee  
I'm not gonna say that it's the devil that's makin me  
Do what I do, the things that I've done  
Just because I'm young, and it's all for fun  
I never really thought about the consequences  
But ever since Eazy died, I said "Now Ima listen"  
Yay, though I walk through the valleys of death  
I open my eyes, they droppin like flies, my last breath  
Might get snatched, taken, broke down I'm shaken  
Shaken by that shit that's breakin  
Down your nervous system  
So, if you're nervous listen  
Kissin cousins die by the dozens  
Because I like good lovin will I burn in a oven  
Fiery furnace  
Cause sometimes the yearn gets  
Tempting so I yield into temptation  
Intoxication mixed with fornication  
Face the nation, face the revelation the ending  
Will I be caught up in the rapture  
Or will I be left behind because what I'm caught up in

got me captured  
Amazin Grace, could save a wretch like me  
But a wretch like me feels that Hell is already my  
destiny (Why?)  
Because I messed with He (Who?), him  
He who sends them  
The demons  
I see em schemin amongst my dreamin  
They tell me he awaits suddenly I awake  
I got a funny feelin it wont be long before He  
takes my soul that was the deal all for mass appeal  
Dollar dollar bill, now my fate seems sealed  
The nails in the coffin, he's coughin, I'm lookin  
Through my iris  
To see if he's got the virus  
Paranoia starts to sink in  
Deranged thoughts start to blink in  
And out of my mind playin tricks on me  
Sufferin with suicidal tendencies, since ten plus three  
On bended knee I ask what's intended for me cause I  
can't cope  
Some tellin me I ain't shit, some tellin me I ain't got no  
hope  
Confessions of a young girl stressin  
Sittin alone sweatin, burnin cigarettes into my flesh  
Not knowin where I'm going, Can't understand why I  
came  
I can't stand the rain, so I'm self inflictin pain  
Gotta get a grip  
Gotta hold on a little tighter to the end of this rope,  
before I slip  
Into insanity  
Lost within calamity  
Forgive me for I know not what I do but what I've done  
I confess with my tongue  
To you  
He who created heaven and earth, but still I'm still  
confused  
I don't know what to do  
Is there some way that you  
Could just clear my visions  
Can't see you with false prophets and religions  
But I'm driven to find the force that keeps me livin  
But ifn'I might be mistaken  
They tell me I'll be held accountable and fried like  
bacon  
But wait, when I didn't ask to come here  
Why is this all unclear  
I can't understand, it all seems unfair  
They tell me not to question God, but the question is  
Will I make it to live another day cause times gettin

hard  
So you tell me to believe, have the faith of a mustard  
seed  
Ask and I shall receive  
And you're all I need  
Indeed, this may be true  
I'm tryin to find my link to you  
But, for all the things I do, I might not even make it  
through  
Because we're all born in sin, so nine times out of ten  
We're all gonna die in sin, same thing all over again  
But, I don't wanna fry God, I don't even wanna die  
So many tears I cry, so many years I try  
I know I've done wrong I know I sing the same ole song  
But truly I seek a righteous way, that'll lead me to be  
strong  
In spirit and mind, body and soul  
Deliver me from evil make me whole  
God take control  
Before it's too late, before you turn me over to a  
reprobate mind  
Before you cast me in a lake of fire with my kind  
Of sinners, for I am a sinner, I confess  
I pray you forgive me and do bless  
My soul to the very end  
This I ask God forgive me

Outro, B.G.O.T.I. (singing), Lady of Rage (talking):

Amen  
A-Men  
Amen  
A-Men  
Amen  
A-Men  
Amen  
A-Men

Hey God, can you hear me?  
Can you see me?  
I can see heaven there  
Let me see, what's wrong with me  
Hey God, come take a walk with me  
Hey God, come have a talk with me  
Hey God
