[Crowd]

We will, we will rock you

We will, we will rock you

[Announcer]

Ladies and gentlemen, checking in for No Limit it's  
Silkk the Shocker!

[Silkk]

Yo...yo, yo, yo, yo

I love this game so much, like it's my own

Every city I visit, it's like it's my home

Stadium packed, make my way to the back

And the players go straight to the rack

Chill in the stands and wait for the snacks

If I ain't watching I'm playing a game of NBA Jam

With the Lakers, yo playing with Shaq

But of course I know it ain't nothing but love

So close to the coach I could tell him who to sub (Put  
him in)

[Hook]

I love this game

We love this game!

Nothing gonna change, always feel the same

I love this game

We love this game!

Always feel the same, nothing gonna change

I love this game

We love this game!

Nothing gonna change, always feel the same

I love this game

We love this game!

Always feel the same, nothing gonna change

I love this game

[Silkk]

Watching my team dribble down the court

What's this my favorite team down by four

Point guard stop hogging the rock turn around and  
score

If you gonna get blocked, pass the rock  
Come on we gotta get down and score  
I been thinking to myself, I could come back if I was  
them  
I wasn't a player just a witness next thing you know I  
was him  
The ball was in my hand and all I heard was we will rock  
you  
People waving their hands saying Silkk they can't stop  
you  
Had a three, passed it up and I shot a two  
Cause my team's about to make a comeback, guard  
who gots you  
Should I pass, should I drive, or something worse  
Put on my P's that when I skied, went for thirty-five on  
em'  
And won it, next thing you know I woke up back in the  
stands  
Damn, it's like I was right there  
That's why I love this game, playing it all the time

[Hook]

[Silkk]

Yeah, yeah  
Shouts out to all my dogs, all the ones that play ball  
You know D.A., Marbury, Chris Webber, Outlaw, Penny  
Hardaway  
Randall Jackson, Ricky Davis, Tyrone Nesby, Isaiah  
Rider, Kenny Smith  
Paul Pierce, Randy Livingston, Percy Miller, Kobe, and  
Shaq

Garnett  
Rodman, Jason Williams, Bonzi Wells, Tim Hardaway,

Shouts out to Ricky Williams, everybody who make it  
happen

matter  
I just love basketball  
If I wasn't a rapper, if I wasn't a thug, I'd be a hooper,

What up, what up, what up, what up, what up  
This is brought to y'all by Beats by the Pound
