Always unpredictable,
Man I feel invincible
These drugs are so incredible
THEY LIE! THEY LIE!
These tracks are not so hideable
My words are not so viable
My latex always pliable
THEY LIE! THEY LIE!

Intuition tells me that these people are not so right.
So put yourself in my shoes and know to hold on tight.

My mind is melting endlessly,
My girl she bends so easily
Spool drinks this shit called Hennessey
THEY LIE! THEY LIE!
Flashbacks are reality
My mind is wrapped and trying me
I'm growing old and frail you see?
THEY LIE! THEY LIE!

They lie to hide the truth
That you and I will find inside.
Don't lie

Churches filled with hypocrites,
My actions make them throw their fits
Who knows what will come of it
THEY LIE! THEY LIE!
Priests say they can forgive me.
My secrets give to them I plea
Forgiveness is not close to me
THEY LIE! THEY LIE!

Find the way to see the strong few,
Blame me wrong to tell the whole truth

The light that swarms me informs me
The door's key lies in beauty, why can't you see?
