So lucky, so lucky

Flashes, ray ban glasses  
I move with ease in my convertible breeze (So lucky)  
Martini, whiskey on the rocks  
Life on the top, my party never stops (So lucky)

Winner, a dusk to dawn sinner  
Love traded in for lust,  
It's emotions I don't trust (So lucky)  
On top, the cream of the crop  
You know I love to rock,  
The fun will never stop (So lucky)

You see, it's all about me  
The servants and the king,  
I'm the ruler of the world (So lucky)  
A tug, she pulls me like a drug  
I want her on the rug,  
But she's not that kind of girl (So lucky)

I see you where the lights glow  
You pull me in your private side show  
And now I see your moves in slo-mo  
I try to kiss you, but you slip away

Yet you never walk away from me  
Are you a shadow of what might be?  
Why should one woman stand above the rest?  
There is a mystery to you deep beneath the flesh

(So lucky, so lucky, so lucky, so lucky)

Those eyes pulling me in, a body made to sin  
But I can not win (So lucky)  
Wait, I'm ready at the gate,

Don't tell me it's too late  
Her fire starts to melt my heart (So lucky)

She's clean, not part of any scene  
She's more like a dream  
I don't want to wake up from (So lucky)  
I see, she's somehow changing me  
She's where I want to be,  
Can't stand a moment without her (So lucky)  
Anymore

I see you where the lights glow  
You pull me in your private side show  
And now I see your moves in slo-mo  
I try to kiss you, but you slip away

Yet you never walk away from me  
Are you a shadow of what might be?  
Why should one woman stand above the rest?  
There is a mystery to you deep beneath the flesh

So lucky!
