My day begins with a sigh as I slowly feel awake.
Then it's off to work thinkin how much shit I'll have to
take
It's been two weeks since I've had a smile upon my
face.
I miss the days when all I knew fits in it's place.

14 days - I killed myself alone
14 days - Tried so hard to understand
14 days - I'll never forgive you

My world came crashing down as if I stood aside and
watched
All the monsters in my head control everything I feel
I can see the door that traps me in this place
I can see my way outta here but I just can't find the key.
14 days - I killed myself alone
14 days - Tried so hard to understand
14 days - I'll never forgive you

14 days - My world turned upside-down
14 days - Tried so hard to understand
14 days - scaming into this space
