??? by the police local papers call this justice i call it  
murder ??? with a club in his hand ??? i watched you  
beat my friend to the ground let you get away without a  
sound intimidation is won with the weapons you  
possess you walk the streets a soldier with the masses  
you oppress if your a public servant then who the fuck  
are you listening to preach ??? but there's a point that  
can't get through to you badges, your mind, the shield  
you all hind behind courage ??? our lives, our live kiss  
them goodbye no longer a servant of mine our lives,  
our lives kiss them goodbye no longer ??? you beat  
and you kick us we can never run away nothing gonna  
stop me know until i've had my say ??? the 12 gauge  
i'm just getting started i can't begin to express my rage  
??? and that means nothing [chorus]
