So tired so soon what happened to you

What happened to you You got lost

Somewhere between

There and here

Somewhere between

So far so near

You got lost

Somewhere between

What happened to you

Someone has been removed

What happened to her

What happened to her

She got lost

Somewhere between

There and here

Somewhere between

So far so near

She got lost

Somewhere between

What happened to her

You used to be so young

Used to be so young

It was going to take so long

It had almost gone

What is his name

What is his name

What is his name
