[Verse 1]

Clap your hands and stomp your feet
All you girls and all you guys
Let's rock the world with a new beat
C'mon don't wait
Don't you pass it by

[Chorus]

One big family
That will live eternally
Together forever
All you have to do
Is receive the one who died for you

[Verse 2]

I get so high I can't stay in my seat
Excitement fills the air
Let's rock the world with a new beat
All you girls and guys everywhere

[Repeat Chorus]
