Written by Neil Young

When I was a younger man, I got lucky with a rock and
roll band

Struck gold in Hollywood, all that time I knew I would
Get back to the country, back where it all began
Get back to the country, back in the barn again

Now when we hit the road, big busses and trucks
unload

After the curtain falls, load up and then we all
Get back to the country, back where it all began
Get back to the country, back in the barn again

When I was a younger man, got lucky with a rock and
roll band

Struck gold in Hollywood, all that time I knew I would
Get back to the country, back where it all began
Get back to the country, back in the barn again
Get back to the country
Back to the country, back in the barn again
