Written by Marty Stuart and Paul Kennerley

Hey baby, don't you cry
I'm gonna wipe those little teardrops dry
Hey baby, don't be sad
I know he hurt you but it ain't so bad
You won't ever have to be alone again
I will always love you till the very end
Hey baby, don't be blue
I will always take good care of you

You won't ever have to be alone again
I will always love you till the very end
Hey baby, don't you cry
I'm gonna wipe those little teardrops dry

Hey baby, hey baby, hey baby
