Somebody loves you darlin'  
Somebody loves you I know  
Somebody loves you dearly  
Why can't you let them go?

I see the postman comin'  
He's comin' down the street  
And I know he's got a letter  
'Cause he's headin' straight for me

Somebody loves you darlin'  
Somebody loves you I know  
Somebody loves you dearly  
Why can't you let them go?

There's going to be a wedding  
It's gonna be in the fall  
So boys and girls get ready  
I'm gonna invite you all

Somebody loves you darlin'  
Somebody loves you I know  
Somebody loves you dearly  
Why can't you let them go?  
Why can't you let them go?
