I can't think straight
Implements of war
My great escape
Your fate in these hands
Control slips away again
Loaded questions
From within stain my eyes
Will you make amends?
Cleanse my heart take these scars
Save myself laid to rest
Cut like a knife take your soul
Tonight's last rite breathing smoke
Bound and gagged
Your time has come
Spilling blood spit venom
Mercy has left this place
Isolation my saving grace
Winds of change can't turn back now
Like California burned to the ground
Safe distance your solution
Get me through this killing season
Cut like a knife losing all
Tonight's last rite save your soul
Losing all save your soul
Save your soul
Save me
