I see you lying there
Beaten and bruised from last night
Reach out your hand
I can't help you now
You love the attention it brings
A fitting end
Can't see through this
Last dying wish
I can't stand to watch you suffer
To be the end of you would be a wish come true
I'm just another means to an end
I can't watch as you descend
At last I'll be the last one
To see you come crashing down
I can't see this through
To the bitter end
I can't stand to watch you suffer
To be the end of you would be a wish come true
Last dying wish
I'm not who you think I am
She put the knife in my hand
Wait for you to turn your back on me
It's just too hard to say goodbye
I've killed before and I'll do it again
You're not my first, but you'll be my...
