I'm wide awake, I'm on my feet  
Another night with no sleep  
So we march to the beat

Prepare, attack, we will  
Never look back; dropping  
Bombs on the heads of those  
Who fight back

I don't really care  
What happens tonight  
Everything's alright  
When my homies unite

I don't really care  
What happens tonight  
Everything's alright  
When my homies unite

Homies drop the bass!

Can you hear the sound  
That's bringing you down,  
Got the whole damn town  
Out looking around

Cause something profound is  
Coming inbound, I'm feeling  
It now, it's time to surround

Prepare, attack, we will  
Never look back; dropping  
Bombs on the heads of those  
Who fight back

I don't really care  
What happens tonight  
Everything's alright  
When my homies unite

I don't really care  
What happens tonight

Everything's alright  
When my homies unite

I don't really care  
What happens tonight  
Everything's alright  
When my homies unite  
(Can you feel me tonight?)
