You are my star
I'll stay and catch your fall
Pack your belongings
We'll hide out, we'll see it coming

'Cause I know you now
I'll know when you'll start running
It's when your dark brown eyes turn black
And I won't let them suck you in

You are so far
The one who makes me better
In your surroundings
I'm the one I want to be

And you know me now
You know that I'll come running
It's when you're dark brown eyes turn black
And I won't let them suck you in
My love, my love, my love, my love
