Rain drops  
Ya probably ain't expecting this one  
Nope, yeah, clap clap un hun  
This something my grandmother would dance to or  
something

Nights like this I wish  
That rain drops would fall  
Nights like this I wish  
That rain drop would fall

Ay grandma and grandpa  
Look at ya grandson, I done made it far  
Damn nana, I know it's killing ya bones that damn  
cancer  
I wish I had an answer, but I don't I'm jus' wishin' for an  
answer  
Watchin' my mamma cry, she's watchin' her mamma  
die  
Every second I'm drying my mamma eyes, she so  
proud of her son  
See right through my mamma eyes, she just follow the  
drips  
U can't dodge the rain but u can follow the drips

And every drop of rain that falls, has a drop a pain  
involved  
You better believe  
88 cocaine it solves, now the dope came in charge yup  
I see my niggaz for what they really are, what we really  
are  
The dicks we really are, let it rain

Nights like this I wish  
That rain drops would fall  
I know u wishing it would rain  
Nights like this I wish  
That rain drop would fall

It has been long fights like this  
Long days, long nights nights like this  
I'm wishing for rain, nothing but the wind ever came

Little girls with they skirt up, the world's getting worsen  
Man I twirled through the world in a roaster  
Twirling the smoke up, I be so high  
Shit a week goes by, I still think the week just started  
Man weed still sparking, still in tune with the street man

He still sparking, go ahead nigga leap feel frogish  
These streets I harness, my peeps my partners  
Cam, Jim, Zeek my sponsors, black, Griz, snags my  
monstrous  
Paper, drugs, twin my anchor, robs, 40, doe, guard  
Bus, train and go hard, let it rain

Nights like this I wish  
That rain drops would fall  
Nights like this I wish  
That rain drop would fall

This is a story, about a young boy wishin' for glory  
Rap, riches and glory, some people I'll love to share it  
with  
Yeah my people my thugs I'll share it with  
You can't eat through this love I'm dealing with  
You can't see through this love I'm dealing with  
You can't be through or eat through this love I'm  
dealing with  
It's real I'm feeling it my niggaz, cats plan on killing it  
Rats real I'm reeling it all men like fishermen

Say, hey hey hey baby, yeah  
Drive sticks while sticking 'em, young chicks I'm dicking  
em  
All down and yeah they all down  
But why it got to be like this, why every girl I meet got to  
be like this  
Let it rain

Nights like this I wish  
That rain drops would fall  
Nights like this I wish  
That rain drop would fall

Let it rain  
I'm just sitting here  
Wishing it would rain  
I'm just sitting here  
Waiting for the rain  
Waiting for the rain
