Keep your lips up,
Hold your tongue,
Glimpes of hatered,
Eclipse the sun.

As you worship me,
What you love.
Yes I try now, to ignore.
Stare at another part of my eyes,
and your heart
Your a joke, now your dead.
Your so livid, as the epitome dies

Bleed on me,
This life a shell
and so its living hell
No more second chance,
Time to take a stance now

Repetitions hold is a fire side
Does the competition take the part
Open your eyes,
For what i got
Sever the ties,
Erase my life
Bleed on me,
This life a shell
and so its living hell
No more second chance,
Time to take a stance now

Take a look at yourself,
And put your heart upon the shelf,
It still bleeds, these wounds wont heal,
This pain inside seems all thats real

Fall, As fire.

(FALL!) As Fire

(Fall as fire from)
Fall as fire From

(From the skies above)
From the skies above
