I 'm standing at the abyss  
I feel the nightwind blow  
I am afraid of tumbling  
But I have to go

My body's fast descending  
Before I hit the ground  
I wake up screaming on the floor  
Or am I dead

EVERY NIGHT I FALL  
IN MY DREAM  
IN PANIC I AWAIT THE RICOCHET  
THE RICOCHET  
THE LETHAL RICOCHET

It's nighttime again  
I'm waiting for sleep  
And know I will fall  
Again and again and again

What can I do against this  
Nightly horroream  
What can I do against this  
Waking with a scream

AS I FALL TO DEATH  
IN MY DREAM  
I SPREAD MY WINGS  
AND LEAVE THE FEAR BEHIND  
I FLY AWAY SO FAR AWAY  
I FLY SO FAR AWAY  
EVERY NIGHT I FALL  
IN MY DREAM  
I SPREAD MY WINGS  
AND LEAVE THE FEAR BEHIND  
I FLY AWAY SO FAR AWAY  
I FLY SO FAR AWAY

All the fear is gone now  
I am light as a leaf

Gliding slowly downwards  
I feel totaly free

To face the fear inside me  
Is what I'm living for  
At the end of each corridor  
Is an unlocked door

EVERY NIGHT I FLY  
IN MY DREAM  
I SPREAD MY WINGS  
AND PASS THE COUNTRYSIDE  
I FLY AWAY SO FAR AWAY  
I FLY SO FAR AWAY  
EVERY NIGHT I FLY  
IN MY DREAM  
I SPREAD MY WINGS  
AND LEAVE THE FEAR BEHIND  
I FLY AWAY SO FAR AWAY  
I FLY SO FAR AWAY  
AWAY
