The time for judging the dead has come
and rewarding of your saints and prophets
The time for judging the dead has come
and rewarding of your saints and prophets

So pretty you look as you stand for the last time
So pretty you look as you stand for the last time
So pretty you look as you stand for the last time

Trust not to yourselves
Only to him
The dragon stands
Angels respond
Angels respond

shut your eyes, fire rains from the sky
And there was a war In heaven
Let slip the dogs of war
Cry havoc and let slip the dogs of war
Cry havoc and let slip the dogs of war
Cry havoc let slip the dogs of war
