"Speak Of The Dead"

As they pull me under
To the the shadows of the deep
A silent faceless wonder
my soul is theirs to keep
They strip me of my innocence
Until nothing but anger remains
Everything is lost
My spirit is captured and chained

As we still count our lies
The fallen god arise

They say that all is lost
But for the tears we shed
They'll lead a million lives
As we speak of the dead
My visions still haunt me
The voices in my head
They speak of sacrifice
They still speak of the dead

I'm lost in the darkness
They have finally found the gate
I hear the demons calling
A symphony of anger and hate
Now the seal is broken
And the end is near
It seems insanity is freedom
and sanity is only despair

As we still count our lies
The fallen god arise

They say that all is lost
But for the tears we shed
They'll lead a million lives
As we speak of the dead
My visions still haunt me
The voices in my head
They speak of sacrifice
They still speak of the dead
