#### VERSE 1

Take a breath, inhalation of fears  
Feeling dead, but still alive  
Declaration of death, legacy of tears  
There is no chance to survive

#### VERSE 2

Ignorance, spreading the disease  
Feeling blind, but still we see  
No charity, our blood will freeze  
Only death will set us free

#### BRIGDE

Bearer of the plague  
Bringer of black death

#### CHORUS

Words we've never heard  
Trapped like a wingcut bird  
Strange books we can't read  
You are the stillborn breed  
The keeper of the scythe  
Will take your life  
Plant a deadly seed  
You are the stillborn breed

#### VERSE 3

Feel the shiver, running down the spine  
Bloodstained feet and hollow eyes  
Receive the virus, stand in the line  
Even god cries, when his world dies

#### VERSE 4

I am a creature of evil  
And as I walk through the night  
All the anger I've been repressing  
Finally comes to light

#### BRIGDE

Bearer of the plague  
Bringer of black death

## CHORUS

Words we've never heard  
Trapped like a wingcut bird  
Strange books we can't read  
You are the stillborn breed  
The keeper of the scythe  
Will take your life  
Plant a deadly seed  
You are the stillborn breed
