I have seen the horror  
I have seen its face, New York  
I have seen the terror  
The fanatics unleashed the force of hate  
The curse of hate

We are earth children  
Born under one old sun  
We are one people  
Why do we hate what we don't know?

But when the smoke is rising  
We will be realizing  
The way was wrong  
So wrong

Hatred is always blinding  
The devil is well disguising  
If we don't change our minds  
Those spirits rise again

I have seen them falling  
Falling for revenge, the bombs  
I have heard them calling  
Calling for the holy war of hate  
This war of hate

We are earth children  
Born under one old sun  
We are one people  
Why do we hate what we don't know?

But when the smoke is rising  
We will be realizing  
The way was wrong  
So wrong

Hatred is always blinding  
The devil is well disguising  
If we don't change our minds  
Those spirits rise again

We are earth children  
We are one people

We are earth children  
We are earth children

But when the smoke is rising  
We will be realizing  
The way was wrong  
So wrong

Hatred is always blinding  
The devil is well disguising  
If we don't change our minds  
Those spirits rise again

I have seen the horror  
I have seen its face, New York  
I have seen the terror  
The curse of hate

We are earth children  
We are earth children
