When I find you waiting hours; oh,  
You're there to save my life for our obvious goal  
We've got a headstart for happiness  
For our part, guess we must be blessed  
For this feeling to be so strong  
Tell me is that so wrong?  
The space between us for days has been so far;  
I've spent a lonely week  
Now I wanna be where you are  
We've got a headstart for happiness, for our part  
Guess we must be kissed by this force I feel inside  
Now I'm not gonna hide.

All the roads that lead to struggles  
Bring you back to where you need  
Some reassurance in your own depth,  
Only you can see, but let others feel  
Peace in my mind I'm so happy to find  
As I get on my trek with a headstart back to you.

When I find you waiting hours, oh  
It's my heart, not my head that takes control  
And you've got to lead where your heart says go  
And this hope that it turns out so  
And that's all that you can hope for  
Can you expect much more?

Naive and wise with no sense of time  
As I set my clock with a heart beat, tick tock  
Violent and mild - common sense says I'm wild  
With this mixed up fury, crazy beauty  
It's healthy to find all these feelings inside  
As I get on my trek with a headstart back to you.
