Wide awake I'm laying in the light  
In this place the light shines so bright  
How I long for night  
How I wish for night  
The light is burning I can't close my eyes  
What have they done to me  
What is this place I'm in  
What have they done to me

Is anybody in here  
Can anybody hear  
Is anybody listening  
Please help me I'm afraid  
So afraid  
I'm so scared  
I'm so scared  
In this place of quiet blinding light  
I scream In this room without a shadow, a shadow  
I must be bound 'cause I can't move  
I can hear but I hear nothing, nothing  
Nothing but me  
How many days how many nights  
Am I in this hell of silent pain  
I don't understand what they're needing me for

I'm so tired but I cannot close my eyes  
If I can't look away the light will blind my sight

Is there someone ??  
Can anybody hear me ?? Is there somebody ??  
Please answer me !!

Save me, save me  
From this torture game  
Save me, save me  
From this horror play  
There must be a cause I don't understand  
Save me, save me I'll do anything

Why they don't ask any questions  
Why they don't want any answers  
Are they just watching me die

A tiny piece of sand is falling through the light  
A tiny drop of sweat is breaking on my brow

Seconds crawling moments crawling  
Minutes seem like days  
Hours seem like years

They are endless  
Time's standing still  
Incarnation of my fears  
Incarnation of my fears

The eye in the sky is watching me die  
The light in my sky is burning my eyes  
The electric eye is watching my cries  
The eye in the sky is watching me die

I'm lost in a daydream

Noone will hear, hear my screams for help  
For help Lightning flash before my eyes  
Needles pinned into my mind  
Pain is growing  
I try to hide  
In my mind where they can't ever find me  
They'll never find me I'm hiding inside me

I'm so tired  
I'm so tired  
I'm so tired  
Sleep  
I want to sleep  
I want to sleep until the end  
Sleep I need to sleep  
I need to sleep until the end I dream  
The endless dream  
'Til I 'm fading away  
I'm fading away  
Sleep I need to sleep  
I need to sleep until the end  
And dream the endless dream  
'Til I'm fading away  
I'm fading away

Like a prisoner locked up They have taken away my  
home  
They 've stolen my life  
They took away my family  
Their real purpose  
I'll never find I can't escape,

I can't escape  
I can't escape,  
I can't escape  
I can't escape,  
I can't escape  
I can't escape,  
I can't escape  
I can't remember my name  
I know I'm part of their game

A secret game without a name  
This painfull game

Needles in my veins  
Poison in my veins

I reach the final curtain  
The end is getting certain  
My pain begins to get away  
The torture is lifted up from me  
Getting weaker I'm falling deeper  
By light surrounded i feel ungrounded  
I'm so tired, I'm so tired

Sleep I fall asleep  
And I will sleep endlessly  
And dream  
The final dream  
'Til I'm fading away  
I'm fading away  
Sleep  
I fall asleep And I will sleep  
Endlessly I dream My final dream  
I dream Endlessly  
I sleep
