

Stygma IV "The Way To Light"

Visit "[The Way To Light](#)" on MotoLyrics.com

The journey is ending
The spirit's descending
I'm feeling again
I feel once again
Out in the coldness
A space filled with sadness
I still taste the pain
Not to know who

I am
The sky breaks up and
I see I'm not the one I used to be
The sky breaks up and I feel
Crawling calling
For light

Long is the way to light and painful
Hard is the way to sight
What is the purpose of life
Why is it so hard to find
Why is it so hard to see
Or is it just difficult for me

When will I start to feel free and be satisfied
Why I am always questioning me
The sky breaks up and I see
I can be the man I used to be

The sky breaks up and

I see the light to live my life
I see the light to live my life
And find the way to be

I think of all the good things in life
I couldn't find the power
I begin to understand that
Fate is lying in my hands
I found the good things in live
The power of mind
My freedom yeah
Why was it so hard to find

I was so sad inside

Finally I understand that fate is lying in my hands

Finally I understand that fate is lying in my hands

The sky breaks up and I see

I am the man I want to be

The sky breaks up and I see the light to live my life
