Visit "[Why](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Why is it hard to love  
Why so easy to hate  
Why is it simple to steal  
And so hard to create

I don't believe  
That the stars descending  
I don't believe  
That our hearts are changing

Pride and envy  
Never ending

Why oh why  
Why oh why  
Why can't we live in peace(and harmony)  
Why do we spread the disease(of hate)

Why are we so well disguised  
We can't open our eyes(we're so blind)  
I don't believe  
That the stars descending  
I don't believe  
That our hearts are changing  
Pride and anguish  
Never ending

Why oh why  
Why oh why  
I don't believe  
That the stars descending  
I don't believe  
That our hearts are changing  
I don't believe  
That the stars descending  
I don't believe  
That our hearts are changing

Why oh why Why oh why
