Kozlar da jitte, bigrak yamansou
Uzemne aldyim, hallar aibat dimen
Ouzak ozela habar kotep
Saginou dyr inde bu hallar

Yangyrlar yawa, yafraklar altyn
Mondyi chaklarda iska toshalar
Tugan ilem, aniem, atiem
Saginou dyr inde bu hallar

Kungelem tula mongly jyr belan
Jyrlamyi kalyr halem youk minem
Koshka ailanep kaityr idem
Sabyrlyk bir inde Hodaem

Suzlar, suzlar sez mine tynglamyisyz
Echtage uilar aitelmyi kala
Ouzak ozela, kungelem tula
Saginou dyr inde bu hallar
