Now it looks like we can't agree on the most simplest of things
You seem to walk through life so casually
You live inside a world of dead beliefs and shattered dreams
Built upon the honor amongst thieves

Be careful, you don't want to do anything,
That you'll regret
Be careful, you don't want to say anything,
I might break your neck

Don't try and pretend we'll make amends, you know
this cycle doesn't end
I turn my back you run your mouth again
My pencil can't catch up to all the thoughts inside my head
I'll wait 'til we come come face to face instead
