Hope it's okay if I tell you that I fucking hate you
Or how many problems that you've caused and made
me live through
I can't stand the way you walk and talk and act like I do
I wrote these words to let you know that I'm in system
overload

All of a sudden you've become
Someone I can't get along with and you've..
You've been running all along
From the dreams and virtues meant to save you

You better pray that all the demons won't come back to
haunt you
Cause you know that I'll be waiting there with a smile to
taunt you
And I can't wait to see you fall and shake and break
from the truth
I wrote these words to let you know that I'm in system
overload

All of a sudden you've become
Someone I can't get along with and you've..
You've been running all along
From the dreams and virtues meant to save you

Just who do you think you are?
