[Omarion] Even though you're all alone All alone when I  
am gone I just wanna keep you warm I'm comin' back,  
I'm comin' back Yes, I'll be there Yes, I'll be there Cause  
when I'm all alone I think about your face And how I  
wanna touch I'm so far away (I'm so) All I wanna do is  
give you all of me now Are you ready? Are you ready?  
Yeah [Chorus] Don't go missing Fly with me Don't go  
missing Fly with me, fly with me Don't go missing Fly  
with me Check it out, check it out Don't go missing Fly  
with me, fly with me [Drake] I'm aware that we just met  
I don't wanna leave you yet Promise that I won't forget  
I'm comin' back, I'm comin' back Yes, I'll be there Yes,  
I'll be there About to board a flight Sittin' at my gate I  
just wanna touch you But I'm so far away (I'm so) All I  
wanna do is give you all of me now Are you ready? Are  
you ready? Oooh [Chorus]
