Verse 1 [Ryu]

Better call them coppers quick

You don't wanna hear them choppers spit

Run up on em with a black component

Crack his dome for talking shit

Who the fuck he think he is?

I don't know but he runs his lips

I'm gonna get em in a minute gonna put em in a little  
bitty box and tounge his bitch

And I mean it

What I mean is

On the beat I'm a demon breathin

Red Dragon yup saggin dog from my pants to my penis

Extremist

When I'm the move better move and duck sucker

Be cool

Them Demigoons don't give a fuck fucker

What about that dough you got?

What about that Rov you bought?

If anybody wanna bet you ballin bitch I'm all in no you  
not

Uh uh

I swear it

Your broke it's

Apparent

Them S.O.B.s beastin the beat and I'm incoherent

Embarrassd, out smoked your parents can barely bare  
it

Their only son is a joke compared to the ranch he's a  
carrot

A parrot mockin my sinister style with a Mary Poppins

All you hear is me cockin it back and it's ch ch ch POW!

Chorus x2

Take that

Get the mask

Take that

Take the cash

Come and get ya face slapped

Yea boy ima bust that ass

Verse 2 [Tak]

Yea

When I get my hands up on this weapon best believe  
there's mayhem

Taxodermy, wax a birdie, bully in this play pen

Zip his belly button to his face In position with the tanks

Gotta mention K-9 sniff em by the lakes

Whoa!

Supersonic, doo doo vomit, get ya fuckin crew  
demolished

See I grew my roots in music while you hoola hoop  
through college

Better wear some protective gear they don't care bout  
ya record here

And if they do we wish you luck

Whoopdy whoop

Squish his guts

You don't wanna get ya back sweaty put em in a jar and  
twist a limb

Slain with a red and black machete

Poor little boy was just a kid

Spread the news, tell a partner

Yea this beat is hella proper

Servin these stupid vermont

And ship em back to hell with out them

It's a rap, sew his tissue, tell the ref to blow the whistle

Stash his helmet in his locker with a super soaker pistol

[Ryu]

Get the missle

Get the gun

You don't wanna see me one on one

Pick the mission here we come

In position what you want?

Chorus
