Monday is shining  
You know 'em Tuesday's rain  
Well, the days go by me  
Like a southbound train  
Yes, It's funny thinking  
You will never call my name

Here comes long lonely  
Here comes the blues

Well, the world's the same old comedy  
You know my time is cold  
Nothing new, blue lady  
I won't get old  
'Cause the deal is gone now  
I'd just better hold

Here comes long lonely  
Here comes the blues

Well, sun has run down  
She has gone out to hide  
Yes, and now I'm out walking  
Where the midnight ride  
Just me and the good-time Charlies  
And the suicide

Here comes long lonely  
Here comes the blues

Well, Monday's dry  
Yes, and tuesday's just the same  
Maybe come down blue Wednesday  
I'm gonna grab the brakes again  
'Cause no bottle of pills  
Could ever kill this pain

Here comes long lonely  
Here comes the blues

Here comes long lonely

Here comes the blues
