Not twins but joined at the hip
The essence of a long night and gin on your lips
Gave it all away

Another drink, another alright
Followed by the sirens and flashing lights
Who am I to say it's okay?

This is a getaway
A head trip to paradise
It's been a long ride home
This is a getaway
A place where I can rest my head
Someplace this world will never know
This is a getaway

So can you tell me where you've been?
The stories behind the lies
Another long night and a car ride
And you still have the most beautiful eyes

This is a getaway
A head trip to paradise
It's been a long ride home
This is a getaway
A place where I can rest my head
Someplace this world will never know
This is a getaway

Another small step, keep your feet movin'
We can take it slow until your used to the music

This is a getaway
A head trip to paradise
It's been a long ride home
This is a getaway
A place where I can rest my head
Someplace this world will never know
This is a getaway
