How far did it get you?
What good do you really think it did?
To take my life, and treat me as unwanted

Washed up by the tides
And thrown ruggedly upon shore
This isn't where I was me
This isn't where I should be

I will not stay here, it's not where I belong
I'm not so easily defeated, I will carry on
Falling and flailing backwards is the point where I seem
to be
All this to have you back, is what I feel in me

Oh, I wish I could show you
Just to make you understand
That there is nothing you could do
That would ever keep me from forgiving you

It's not about pride
The things you've kept hidden
But on that final sunset
I pray your sins will have been forgiven

I will not stay here, it's not where I belong
I'm not so easily defeated, I will carry on
Falling and flailing backwards is the point where I seem
to be
All this to have you back, is what I feel in me

It's not about pride
The things you've kept hidden
But on that final sunset
I pray your sins will have been forgiven

I will not stay here, it's not where I belong
I'm not so easily defeated, I will carry on
Falling and flailing backwards is the point where I seem
to be
All this to have you back, is what I feel in me
