Give A Little Love For Love
The Stylistics
(Maurice Starr/Michael Jonzun)
"Some Things Never Change" Streetwise

Little girl, whats on your mind
Am I wasting my time
You seem to look so sad whenever Im around
Tell me am I letting you down

Youve got to give a little love, take a little love
Give a little love for love
Give a little love, take a little love
Give a little love for love
Baby, give a little love, take a little love
Give a little love for love
Love

Now girl, tell me whats wrong
Are you leading me on
It used to be so sweet, just you and me
Dont tell me that youre letting me down

Youve got to give a little love, take a little love
Give a little love for love
Give a little love, take a little love
Give a little love for love
Baby, give a little love, take a little love
Give a little love for love
Love

It used to be so sweet, just you and me
Dont tell me that youre letting me down

Youve got to give a little love, take a little love
Give a little love for love
Give a little love, take a little love
Give a little love for love
Baby, give a little love, take a little love
Give a little love for love
Love

It used to be so sweet, just you and me
Dont tell me that youre letting me down

Youve got to give a little love, take a little love
Give a little love for love
Give a little love, take a little love
Give a little love for love
Baby, give a little love, take a little love
Give a little love for love

Youve got to give a little love, take a little love (Got to
give a little love for love)
Give a little love for love Give a little love, take a little
love (I love you) Give a
little love for love (And I always will) Baby, give a little
love, take a little love
(Youve) Give a little love for love (Got to give a little
love, just a little bit of love,
youve)

Youve got to give a little love, take a little love (Got to
give a little love for love)
Give a little love for love Give a little love, take a little
love (I love you) Give a
little love for love (And I always will) Baby, give a little
love, take a little love
(Youve) Give a little love for love (Got to give a little
love, just a little bit of love,
youve)

Youve got to give a little love, take a little love
