Oh, how it hurts loving someone who has someone else
So many nights I've spend here all alone by myself
Whenever you're with him, whose loving me, nobody
Hurry up this way again, I love you, hurry up this way
again
I'll never know when I'm going to see you again
Can't make no plans, I just see you whenever I can
What happens in between, I sit and dream about you
Hurry up this way again, I love you, hurry up this way
again
I love you, hurry up this way again
I need you, I want you, I don't want nobody else
Hurry up this way again, I love you, hurry up this way
again
I love you, hurry up this way again
I've gotta have you, I want you, hurry up this way again
Hurry up this way again, I love you, hurry up this way
again
