i've been spending some time

thinking i'd be alright

don't know if i could

really make it tonight
lie awake in the dark

come down then i start

thinking about you

is almost breaking my heart
i don't know where i went wrong

or what's going on

baby i feel like

our love's lost tonight
should i stay, should i go

well i really don't know

lately i've been missing you so
refrain

baby you don't understand

our love lies lost

but your still

holding my hand
oh and then you walk away

just tonight

i want you to stay
chorus

you're turning me on

you turn me around

you turn my whole world

upside down

repeat twice
everytime i hurt you

well it's hurting me too

don't know if

i could really stay here tonight
tired of thinking of you

and everything that you do

tell me what am i supposed to do

well i just wanted to say that

i need you today

tell me its all gonna work out alright
i dont know where i should start

but with all of my heart

baby let me

be your lover tonight
repeat refrain
repeat chorus twice
