[Rage]

All ways and forever forever and all ways

the rhythm will flow from now and through all days

as long as the sun shines

as long as Eisenours on the dime

yo I'll be kickin the rhyme

One time for ya mind your soul your body

Do g's on the side of me smooth as E & J

hard as Bacardi smackin those yaddy yacks and ducks
keep quackin

hands that are clappin end up cracklin

under the heat the pressure from the one thats deffer

Egyptian ruler will call me cleo ro Nefertiti yes indeedi

got the eyes of the beedie-body from Tahiti

voice of the will lyrics blow

chills up ya spine thats illslow

all thoughts in ya mind drop a yo

came in the front but you be kicked through the back
door

for tryin to step, tryin to come incorrect

tryin to play the left, tryin to start a mess

tryin to cause fuss, tryin to raise a ruckus...Huh
you'll end up ashes to ashes, dusk to dusk
a busta you musta been fuckin on drugs
and alcohol back off, all a yall up against the wall
spread em, doggs go get em and
cuff em and stuff em, cold shed em dont let em
not a word, not another one heard
if you try you die, visions blurred, speech slurred
served with a cherry on top

Rage in effect I just begun to rock

Yeah rock on witcha bad self R A G E!

rock on witcha bad self R A G E !

Rock on witcha bad self R A G E !

Rock on witcha bad self....
